It seems that our opinions to your representative means nothing. There are no answers and he did not write down any of my concerns.

I live right across the street from the tracks on Cuba Rd. Adding 15 more trains to bring the total to 20 or more is absurd. Cuba Rd is a thru street from Rt 12 to 14 and a direct Rte for Ambulances to Good Shepherd hospital. Traffic is already backed up w/ the 5 trains that we have. Services, school busses and ~~needed~~ ~~back up~~ ~~as~~ traffic will be disrupted. The trains blow their whistles now because we are not in a quiet zone, what happens with 20 train

The amt of trains proposed needs to be ^{no more than} lowered. we need a schedule of when trains are coming. we need a quiet zone.

Best of all would be underpasses
